LOCATION

The property is located in a very prominent position, with direct frontage to the recently improved A1041 close to the junction with the new A63 Selby By-pass on the outskirts of the market town of Selby in North Yorkshire.

It is situated within Selby Business Park, an established business location and is positioned close to office and industrial developments and a hotel and conference facility. Notable neighbouring occupiers include a Lidl Supermarket, Screwfix, Toolstation, MKM, Selby Auction Mart and YESSS Electrical. Selby has a growing economy, with a wide range of employers already located in the town and new businesses being attracted.

Strategically, the town is extremely well-positioned with major road links, a railway station with direct links to London, and bus service. The town benefits from good shopping and leisure facilities and offers a range of new and traditional housing.

DESCRIPTION

The subject development comprises just three recently built single storey commercial buildings which will be designed with maximum flexibility to allow a range of occupiers to take advantage of the superb facilities that will be provided. There is ample eaves height to allow the installation of a mezzanine floor.

The units are ideally suited to trade counter use and we believe they also lend themselves to retail/showroom use. It should be noted that this is an opinion only and interested parties must make their own enquiries with Selby District Council planning department.

FLOOR AREAS (GIA approx.)

Unit 1 421 sq m (4531 sq ft) *LET TO SCREWFIX*

Unit 2 152 sq m (1635 sq ft)
