LOCATION

The property is situated on Weighbridge Close with immediate frontage to the A170 which runs through Kirkbymoorside, connecting the Yorkshire coast at Scarborough to Thirsk, the A19 and A1(M). The property is therefore very well connected for road travel including bus services.

Kirkbymoorside is an attractive market town sitting at the foot of the North York Moors National Park close to Helmsley and Pickering. York is approximately 22 miles to the south and there are excellent rail connections within 30 minutes drive at both Malton and Thirsk, the latter providing direct trains to London.

The subject site is adjacent to modern housing on one side and a recently developed veterinary practice to the other. There are a range of shopping and other amenities in close proximity.

The wider area has a good mix of residential build types and a number of well-established businesses, a number of which are major employers in the area.

DESCRIPTION

The property is a bare plot of land previously developed with industrial buildings and which formed part of a larger holding sale a few years ago.

The site area is approximately 0.5 acres and is formed in 2 sections to the front and rear with an access lane from the main road leading to the vet practice running through it.

PLANNING

Preliminary enquiries with the planning authority suggest that the front section of the site could have potential for retail uses and the rear section of the site for residential uses.

We must emphasise that the enquiries have been made on a pre-application basis only and interested parties must make and rely on their own representations.

SERVICES

We are advised that the site is connected for mains electricity (including 3 phase) and water. Foul drainage is to mains (an interceptor tank may be required).
